

Sir Richard Branson

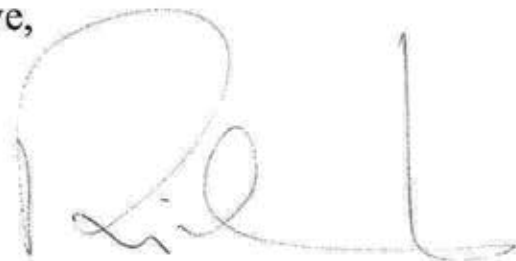

Dear Clary & Everyone at Mahogany,

You made me fly!

I was dreading the thought of running 26.2 miles in this 60 year old body – it was a completely different thing when you transformed me into a butterfly.

Thanks so much for the amazing costume – my glittery wings are just as special to me as my marathon medal!

Lots of love,

A handwritten signature in cursive script, appearing to read 'Rich', written in dark ink.

Richard Branson
